Re: **ETKF ANNUAL MEMBERSHIP FEE PAYMENT**  
*sent via email*

**Dear National Federation presidents,**

I'm addressing you on this occasion regarding annual membership fee payment for European Traditional karate Federation.

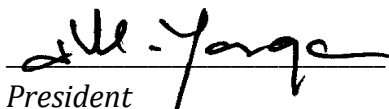

Taking in consideration that our activities, as ETKF are fully active, and that we haven't claimed annual membership fee for several years, starting from this year we are kindly asking you to support further status and development of ETKF by paying the annual membership fee. In support to that purpose, at our regular ETKF Board member meeting, we have decided to lower the price of membership fee by 50%, and instead of 400,00 EUR (that was effective in the past) lower the price down to 200,00 EUR. By doing this, we are hoping to have more organization active in ETKF, with possibilities to fulfill their financial annual obligation toward ETKF.

In attachment to my addressing, you will receive the payment instruction from our General secretary – Dr. Dejan Nedev. You can address him for any further information regarding payment instructions.

Hoping that you will understand the nature and need of our kind request, and support our Federation, I remain

Respectfully yours,

**Univ. Prof. Vladimir Jorga, M.D., Ph.D.**

*President  
European Traditional Karate Federation*
